Explanation of increases in the budget:

The general fund proposed increase of 13.71% is equal to a \$955,538 increase in tax dollars. Funds are needed to maintain existing programs and services and additional personnel costs. The rural fund proposed increase of 11.46% is equal to a \$301,653 increase in tax dollars. Funds are needed to maintain existing rural programs and services, for a maximum transfer to the secondary road fund, and to move some personnel costs from the Sheriff Department in to the Rural Services Fund.. This is the maximum the Board may propose to levy to support the FY24 budget. The final budget may reflect levy rates less than this proposal.

The above tax rates do not include county voted levies, mental health and disabilities services levy, debt service levy and the rates of other local jurisdictions.

Regarding proposed maximum dollars, the Board of Supervisors cannot adopt a higher tax asking for these levies following the public hearing.

Budget year effective property tax rate is the rate that would be assessed for these levies if the dollars requested is not changed in the coming year.
