

# Dragonfly Hunt

Head outside with your family to explore the world of dragonflies!

1. Spot a dragonfly and identify the parts of a dragonfly!

(Head, Thorax, Abdomen, Forewing, Hindwing, Antennae, Legs, and Compound Eyes)

What color is the dragonfly you saw?

\_\_\_\_\_

2. Spot a dragonfly guarding his territory.

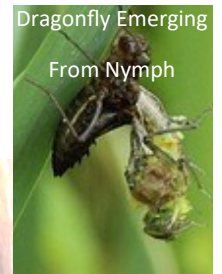

3. Find a place where dragonflies would live. \_\_\_\_\_

4. Look for the dried exoskeleton of a dragonfly nymph.

(What the dragonfly emerged from when coming out of the water.) (Hint: look on rocks, docks, and plants near the waters edge.)

5. Number the dragonfly life cycle in the correct order from 1-5.
