ADDITIONAL RESULTS

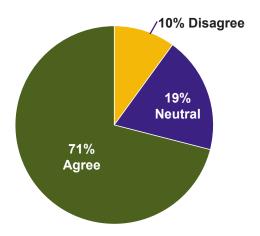

Survey Results - Cabins

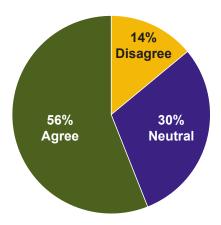

I see a need for rustic, "camping" cabins with only electrical service and no plumbing or restrooms.

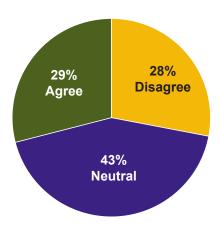

I see a need for a modern cabin with heating, cooling, and restrooms that sleeps 2 - 4 people.

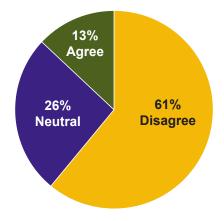

I see a need for a modern cabin with heating, cooling, and restrooms that sleeps 6 - 8 people.

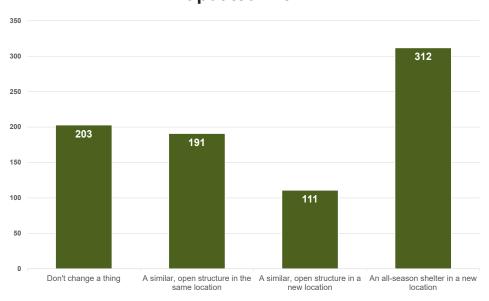

I see a need for a modern cabin with heating, cooling, and restrooms that sleeps 10 - 12 people.

I do not see a need for additional cabins.

The existing enclosed pavilion between the beach and playground should be updated with:

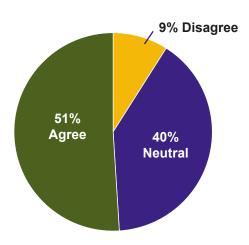

Replace the nature center with a new structure in the same or similar location.

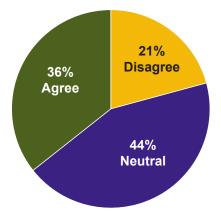

31% Disagree

45% Neutral

Build an addition onto the existing nature center.

Reuse the existing nature center building for community space/gatherings and find a new location for the nature center building in the park.
