CERTIFICATION OF APPLICATION

I Certify that the above is correct to the best of my knowledge. I will provide any additional information requested. I have listed all existing wells. Any well not in use must be sealed as standby wells or properly plugged within 90 days and an abandoned well record filed with this department.

Applicant Signature: _____ **Date:** _____

Proposed Wells intended to serve 15 or more service connections or serve 25 or more people per day at least 60 days per year whether publicly or privately owned cannot be issued a Private Water Well Construction Permit. The owner(s) must apply for a public water well construction permit from the Department of Natural Resources.

Draw a site plan diagram on the reverse side of this form. Include septic location, existing wells, property boundaries, and building structures. Identify the well site with easily visible markers prior to site evaluation.
